# COMMANDER'S REPORT

**Cdr. Jack Stange, AP**

Hello everyone.

Captree's boating season is finally here and as a result, we have started our weekend raft-ups once again. The weather has played into the equation and, as always, we have had some good days and some not-so-good days. One of those not-so-good days caused the cancellation of the annual Robert Moses picnic. But overall, this year is starting to be one of Captree's better years.

Our cadre of Vessel Safety inspectors have hit the docks running, completing so far, the most VSC's in recent memory. GREAT WORK to all those involved!

Once again July is a busy month for us. We kick off the month with the 3-day July 4<sup>th</sup> weekend of raft-ups followed by the popular Dinner Cruise to Flynn's on July 13<sup>th</sup>. We then end month with District's Rendezvous East in Greenport on Friday and Saturday, July 29<sup>th</sup> and 30<sup>th</sup>. Intermeshed with the District Rendezvous is Captree's Summer Cruise which shoves off from Lindenhurst/Babylon on Thursday, July 28<sup>th</sup> headed to Greenport. After three days in Greenport, the Captree boaters will head to Montauk for three days, Riverhead for two days and Watch Hill for two days. As a reminder, please be sure to register for the Friday and Saturday activities at the District Rendezvous if you plan to attend. Forms are included in this **LOG**.

Finally, please enjoy the summer with safe-boating and good health!

**Jack**

# Good and Welfare

## Our sincere sympathy to:

Patricia Klein and family on the passing of P/D/C Jack Klein. JN. Jack was not only a Past Commander of Captree, but also a Past District Commander. Over his many years of active involvement, he earned 38 merit marks and was a Life Member. He will be missed.

Maria and John Alison on the sudden passing of their daughter, Aimee Mendoza.

Charlie Zangle on the tragic passing of his sister-in-law, Colleen McDonough (Jalbert) in a house fire.

Linda and John LaDez on the recent passing of Linda's mother Marylou Staples.

## Congratulations to:

Madelyn and Charlie Virga on their seventh great grandchild, Owen Charles, born on May 10, 2022, to Amy and Jonathan Riemer, weighing 7lbs. 4oz., and measuring 20" long.

Rossi and Pete Teresco on the birth of their grandson, Beckham Scott, weighing in at 8lbs. 1oz. and 21" long on June 26, 2022 to Jaclyn and Michael Rosenberg.

## Best wishes to all for a safe and healthy summer!

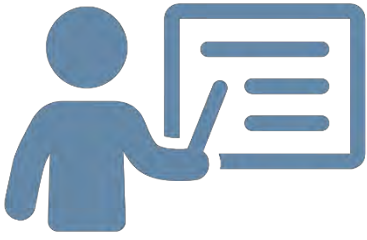

Our thoughts and prayers are with you all. Please help keep us informed of any illnesses, deaths or happy moments of our members and their family.

Call or send it to:

Kathy Verderber  
14 Harbor Place  
Massapequa, NY 11758  
516-799-1778  
kmarion\_30@yahoo.com

Lt/C Michael Richter, AP  
Squadron Education Officer

## ***"HELLO ATLANTIQUE, CAN YOU HEAR ME?"***

This is the call I heard while traveling across the Great South Bay this past weekend. Almost everybody has a VHF radio on their boat but not everyone knows how to use them properly. I have just completed the Marine Communications Systems class taught by Bob Fisher and I want to share a little piece of what I learned with you. Let's talk about the basic operating procedures for making VHF radio calls.

Here is a summary of channels used by recreational boaters:

CH 16 – used for hailing (calling) and distress

CH 09 – alternate hailing channel when a Mayday call is on Ch 16.

CH 13 – Bridge to bridge, intership, ship to bridge.

CH 70 – Digital Selective Calling (DSC) only, no voice.

CH 68, 69, 71, 72 and 78 – Working channels (72 is for intership only, not for ship to shore)

If you have a VHF radio, you are REQUIRED to monitor CH 16 while underway, unless you have a VHF-FM DSC radio which automatically will monitor CH 70 for DSC distress calls. It is ILLEGAL to monitor a working channel while underway unless your radio has a scanner feature, can monitor two stations at once (one must be CH 16). or you have a DSC radio.

Every radio call should be a brief, concise, clear, effective communication, using a minimum time on the air.

The calling procedure:

1. Listen in on a calling station, before speaking, to ensure you are not interrupting another call.
2. Repeat the vessel or location called up to three times, followed by your station name (vessel name and FCC call letters if you have them) and channel number, once.
  - a. ***(BH) "Atlantique, Atlantique, Atlantique this is Beach House, channel one six. Over"***
3. The call is limited to 30 seconds, including repeating if necessary. If it is not answered you must wait 2 minutes before calling again. Numbers are pronounced individually, "one six" not "sixteen".

Answering procedures:

1. Acknowledge the call and request or direct a working frequency.
  - a. ***(AT) "Beach House, this is Atlantique, switch to CH six niner. Over."***
  - b. ***(BH) "Switching to six niner."***

Conducting Vessel Business:

2. Vessel station names need not be repeated for each transmission once communications are established on a working channel. Use procedure words to be heard and understood clearly. Once on working channel 69.
  - a. ***(AT) "Beach House, this is Atlantique. Over"***
  - b. ***(BH) "This is Beach House. We are arriving for our reservation. Over"***
  - c. ***(AT) "Roger, please dock in slip Alpha niner. Atlantique is switching back to channel one six. Out."***
  - d. ***(BH) "Wilco, we will dock in Alpha niner, switching back to one six. Out"***

Procedure Words	Meaning
Affirmative	Yes / Correct
Negative	No / Incorrect
Roger	I have received your last transmission satisfactorily
Wilco	I have received and understand your message, and will comply
Say Again	Repeat your previous transmission
This is	Call sign to follow
I Spell	I shall spell the next word(s) phonetically
Numbers	Numbers to follow
Wait	I must pass for a few seconds
Over	I have finished my transmission and a response is expected. Proceed with your transmission.
Out	I have finished my transmission and do not expect a reply.

**“HELLO, RADIO CHECK, RADIO CHECK, HELLO”** We all hear this daily, mostly on CH 16 also.

It is rare that correct testing procedures are heard on the air. It is possible that failure to abide by the rules may be unintentional and the result of ignorance. The number of requests for radio checks is excessive, and to a large extent unnecessary. The result is interference with legitimate traffic.

Procedure for a proper radio check:

1. You must not interfere with a transmission already in progress.
2. Radio checks to “any station” are prohibited on CH 16 and on working channels. Radio checks **must always** be made to a specific vessel or station.
3. Find and monitor an ongoing conversation on a working channel.
4. Upon the conversation being terminated (you will know as they end it with “Out”), immediately call either of the stations and request a radio test.
  - a. **“Uncorked, this is Beach House on Channel seven two. Request radio test, Over.”**
  - b. **“Beach House this is Uncorked, you are Loud and Clear in Massapequa. Out”**
5. You can also call another station you know is on the air, such as a marina or a towing service. You can make the call on 16 then must move to a working channel for the test.

Top Signal Strength

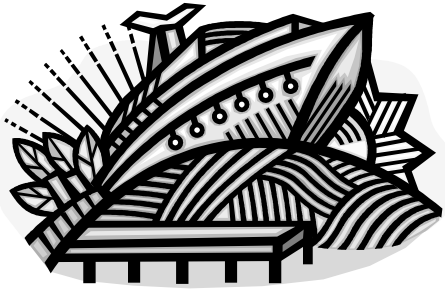

Top Three Readability

LOUD	Your signal is strong	CLEAR	Excellent quality
GOOD	Your signal is good	READABLE	Good quality
WEAK	I can hear you but with difficulty	DISTORTED	I have problems reading you.

The courses we teach are packed with information useful in our everyday boating lives. Please consider continuing your boating education through our classes.

Wishing everyone a safe and happy boating season.

**Mike**

Lt/C Linda LaDez, S  
Administrative Officer

As you may have heard, my mother passed this week. John and I would like to take a moment and thank all Captree members who have reached out to us and extended your condolences during this time. It brought great comfort to our family. Now, onto my AO report for July.

I wish you all a Happy Summer!

After a bad start with the cancellation of our June Summer Picnic due to rain, we have a fun-filled July, August & September scheduled.

First up is our Moonlight Cruise to Flynn's on Fire Island for dinner on July 13<sup>st</sup>. Last year we had thirty-eight members and guests attend. Not sure if we will surpass that number this year but we will try. **If you haven't signed up, please do so ASAP.** There's flyer in this LOG on the next page. It should be a blast!

Next up is our Summer Cruise which again coincides with the District Rendezvous in Greenport. Both should be lots of fun. Commander Jack Stange is chairing Captree's involvement at the Rendezvous so watch for details as he will need support from Captree members attending. The Cruise is chaired once again by Frank Verderber. It starts on Thursday, July 28<sup>th</sup> with the boats leaving their home ports in the morning and arriving in Greenport that afternoon. They will be at Greenport for 3 nights, Montauk for 3 nights, Riverhead for 2 nights and Watch Hill for 2 nights. Watch for a meeting notice from Frank where information on Shinnecock Lock operating times, tides, and meal plans will be

discussed. It should be a great trip. Take a ride in your car and join for a day or stay for the night. It will be a fun time!

Besides our weekend raft-ups, we have two other events this summer. First is our August General Membership meeting at Mike and Dianne Richter's home. The Richter's will open their home once again to Captree for this meeting and are hosting a fantastic BBQ with steak, shrimp and all the fixins. We had a great time last year and I'm sure this year will be just as fun. Watch for a flyer in your email in the near future.

The last event is Captree's Fall Rendezvous on September 17 and 18. Of course, it will be held at Cedar Beach Marina. Permit is in hand and I'm arranging for the 20 x 40 tent. We will have a pot-luck lunch (bring a dish) and an Octoberfest-themed dinner this year. Also on the agenda is our infamous "Basket Raffle". I've started planning for our raffle basket-making night at my house (always a good time). Watch for details. And lastly, let's not forget our Sunday morning bacon and egg sandwich breakfast. Yum yum!

So, please take a look at our calendar-of-events, watch for event flyers, and get your RSVPs in. The sooner you get the RSVP in, the easier it is for the chairperson of the event to plan a spectacular event for you.

Again, I am looking forward to a fun-filled summer and John and I hope to see you all real soon.

*Linda*

07-31 Maria Allison

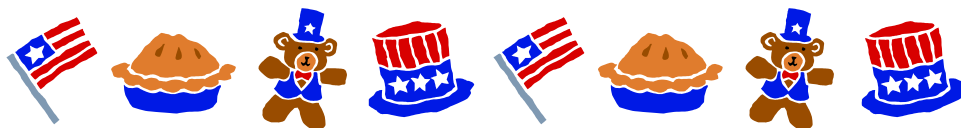

## ANNIVERSARIES

07-08 Joe & Joan Smith

07-30 Jack & Barbara Hoogervorst

If you would like your Birthday and/or Anniversary posted on this page, please send your information to Madelyn Virga at [nanavirga@aol.com](mailto:nanavirga@aol.com)

# MEMBER INVOLVEMENT

I am writing this article with the Fourth-of-July weekend approaching. I'm sure everyone is busy getting ready for this great weekend whether you will be on a boat or in your backyard BBQing. Since it's a 3-day weekend, some may be doing both.

Unfortunately, Captree's Summer Picnic at the Robert Moses Marina on June 12<sup>th</sup> was rained out. However, there were some good boating days in June as the weather turned nice with raft-ups at various locations around Great South Bay.

Captree has several activities planned for July starting with the July 4th weekend raft-ups. On Saturday, July 2<sup>nd</sup> Captree boats will be at Coast Guard Cove and on July 3<sup>rd</sup> they will be at Massapequa Cove. July 4<sup>th</sup> raft-ups are usually planned in small groups at several locations in order to watch all the fireworks displays along the south shore. Many wait until evening to anchor out to see the on-shore displays. I have done this before, and it is amazing to see all the displays of pyrotechnics. You name it, and it can be seen. Remember, if you go out at night be sure that your running lights and anchor light are in working order. Once the fireworks are over, be careful heading home in the dark. I have found that it pays to stay a few minutes to avoid those boaters that are in a hurry. It will be a safer trip home.

Regarding raft-ups, here is our raft-up schedule for July. However, watch your emails and Group-me texts as this could change on any weekend.

Saturday, July 9, Captree Cove  
Sunday, July 10, Coast Guard Cove

Saturday, July 16, Coast Guard Cove  
Sunday, July 17, Captree Cove

Saturday, July 23, Captree Cove  
Sunday, July 24, Coast Guard Cove.

If you are heading to a raft-up and want to find out if any boats are at the locations mentioned above, call first on channel 16, (As a reminder, it is required that you have Channel 16 on while underway.) and when you make contact with a Captree boat, switch to channel 72. Remember, fly your Captree Burgee so

those already tied up can see you and guide you into the raft-up.

On Wednesday, July 13<sup>th</sup>, Captree is holding its Moonlight Dinner Cruise to Flynn's on Fire Island. Madelyn and I attended last year when we lived in NY and we had a great time. The boat ride was great, the food was wonderful, and being with our Captree friends made the evening even better. This is an enjoyable event so do not miss it. See the Flyer in this **LOG** for more information.

On Thursday, July 28<sup>th</sup>, Captree's Summer Cruise starts as our boats head to Greenport for the District 3 Rendezvous and along weekend. The Rendezvous starts on Friday and continues through Saturday evening. If you cannot make it by boat, drive out for the day on Saturday and join in the fun with your fellow Captree members and the other members from District 3. I am sure you will have a great time. Flyers and information are included in this **LOG** as well.

I have been writing about our Vessel Safety Check inspections and the Zoom class held in January that got eight members started to qualify as Examiners. I mentioned last month how pleased I was with the way our new Examiners went out immediately to do inspections. I have been running this program for about twenty years and never did I have one of our Examiners do the number of inspections in one day as *Pete Teresco* did. In one day, Pete did 23 inspections and in the month of June he had 38 inspections. WHEW! Being an Examiner myself, I know the time it takes to do an inspection. The least amount of time to inspect a boat is about fifteen minutes, however, most boats take about a half an hour or more. Pete, you put in a day's work that day. The others that contributed to our June numbers were *John Allison, Mike Richter, Frank Verderber, Tom Zimmer, Dave Pafundi* and me. With the inspections completed in June, we surpassed our 2021 inspection count of 69 and now have 109 so far this year. **GREAT** job Captree Examiners!

Have a wonderful July, and stay healthy!

*Charlie Virga*

**"Be Involved and Stay Involved"**

**Commander Jack Stange displaying District's Alvin J. Wellander Award that Captree won for educating the Boating Public**

**P/C Tom Zimmer presenting Flags-of-Office to Assistant AO Rossie Teresco and Assistant Secretary Pete Teresco**

**Lt/C John Latini (center), coordinator of the June 25th VSC Day at the Biltmore Beach Club, flanked by Captree Vessel Safety Examiners 1<sup>st</sup> Lt Pete Teresco and P/Lt/C John Allison**

**Vessel Examiner Lt/C Frank Verderber checking Fire Extinguisher and Flare compliance for boat owner at the Biltmore Beach Club**

**Vessel Safety Examiners  
1<sup>st</sup> Lt Pete Teresco and  
P/Lt/C John Allison conducting a  
VSC aboard "Sea Struck"**

**Vessel Safety Examiner Dave Pafundi  
checking the expiration date on Flares  
aboard a boat at the Biltmore Beach Club while  
the owner learns about all safety requirements**
